

## ***Photography scavenger hunt in copper ridge***

***Take a phone or camera and walk through the neighborhood to take pictures of all of these things. The objective of this scavenger hunt will be to both not disturb nature or anything else (taking pictures rather than gathering anything) and to inspire different styles of photography (by giving many diverse topics for photography). The end goal of this scavenger hunt is an art project so try to take your pictures artistically (play with angles, focus, filters, ratios,)***

- ☐ ***2 pieces of art***
- ☐ ***1 mountain landscape***
- ☐ ***1 atv***
